

FOR IMMEDIATE RELEASE

NetSupport Announce New Partner in Scandinavia

Peterborough, UK – March 01 2009

UK based Software Developer NetSupport Ltd are pleased to announce an expansion to their distribution channel with the appointment of a new partner within the Scandinavian market place.

IT2Trust A / S is one of Denmark's leading distributors of business-critical IT solutions within the IT security and networks, IT2Trust A/S will offer the full range of NetSupport's award winning desktop management solutions to both the Corporate and Education sectors.

Anders Toft Mortensen Marketing Manager and Partner at IT2Trust A/S explained why they chose to partner with NetSupport:

"We have followed NetSupport for some time now. Their exciting product mix within Remote Control, Desktop Management, ITIL Helpdesk etc. gives our resellers a great opportunity to give their customers value for money."

Anders Toft Mortensen continues: "Here at IT2Trust we have the right profile within knowledge, staff, business strategy, reseller profiles etc., which will ensure NetSupport the kind of focus and development they want on the Danish market. Our business setup, knowledge and clean cut channel strategy will make it possible for NetSupport to follow their own strategy into the Scandinavian market. I am sure their choice to make us their new distributor is the right choice"
